The Most Important Thing

In Automobile Repairing is the know how. It is only an expert mechanic who possesses the know how; and it is only expert mechanics who are employed by us to work on your car.

Wilmot & Henderson

BOW ISLAND

Farmers!

We had numerous calls for Light Tractor Discs during September and October last, and were unable to supply them. We are now in a position to accept orders for February and March delivery, and are advised that the supply will be limited. If you require a Tractor Disc for spring or summer use you will be well advised to place your orders early, as the early orders will surely get the preference. We are able to quote you prices on Drills for spring delivery.

S. G. JAMIESON, Bow Island.

Town Council.

The first meeting of the Town Council for the year was held in the Council Chambers on Monday, January 7th.

The following new Councillors were sworn in—Messrs. J. R. Agar and W. J. Oliver.

Members present—Councillors Dulmage, Blaine, Agar, Bratton and Oliver.

Councillor Bratton was appointed chairman, and the meeting having been called to order, Councillor Dulmage was appointed deputy mayor for the first ensuing three months.

The committees for the year were drafted as follows—

Gas System—Oliver, Dulmage and Bratton.

Public Works and Property—Dulmage, Bratton and Stewart.

Fire, Water and Light—Stewart, Blaine and Agar.

Licenses and Police—Blaine, Agar and Oliver.

Health, Relief, Cemetery and Park—Bratton, Stewart and Blaine.

Assessment—Agar, Oliver and Blaine.

Finance—A quorum of the Council with the Mayor as chairman.

Accounts were then submitted as follows:—

The North-West Financial Company treasurer's bond, \$5,000; C. H. Christie, dog tags and book, \$5.00; C. H. Bell, plowing snow on street, \$5.00; Schneider Type Works, later, \$5.00.

The accounts were ordered paid.

A letter was read from the secretary of the Halifax Relief Fund acknowledging receipt of the grant made them recently by the Council.

A communication was read from the C.P.M. asking for plan of the gas system near the water tank, with a view of installing the gas inside the tank.

The secretary was instructed to furnish the plan asked for.

Charlie Kong made application to have gas installed on lot 15, block 7, plan 20908.

The secretary was instructed to inform Charlie that no further gas connections can be made during the winter.

Mr. W. A. Buchanan wrote with reference to the matter of the town's application for parcel of land in section 35.

The solicitor was requested to furnish Mr. Buchanan with the information asked for.

Councillor Bratton brought up the matter of the possibility of obtaining a gas right reserve within a four-mile limit of the town.

After some discussion, the solicitor was requested to make application to the Department for a gas reserve within a four-mile radius of the town, and at the same time write Mr. Buchanan and ask him for his support in the matter.

A by-law was then put through changing the meeting night of the Council from Thursday to Friday.

The secretary was requested to advertise for Assessor for 1918 at a salary of \$250.

The meeting then terminated.

THEN AND NOW.

From an old "counter book" used during the years 1825-1835, the following interesting information is taken. It shows the prices of various commodities as they prevailed 50 years ago:

Eggs, 4 cents a dozen.
Butter, 8 cents a pound.
Coffee, 31 cents a pound.
Bacon, 6 1/2 cents a pound.
Beefsteak, 5 cents a pound.
Wheat, 40 cents a bushel.
Oats, 15 cents a bushel.
Corn, 25 cents a bushel.

A comparison of these prices with those now prevailing for the same articles illustrates forcibly the rate at which the cost of living has advanced.

Mrs. Harvey Davis of Winnifred was a visitor here on Monday.

Pumpkin News.

(By Our Live Wire Correspondent)

This new town is rapidly gaining favor. Its natural advantages of mud, wind and dust only need to be developed. Real estate agents are here in force and are sleeping in cook cars.

Boost Pumpkin! Alberta's live town.

A pleasant little gathering of the Unionist Liberal Association on Saturday last. The president in a new Hobberlin suit, and wearing his gold watch and chain received the guests.

The vice-president with his usual charm, and wearing his uncle's diamond stud, assisted to remove the tea pot. A very enjoyable evening was then spent. Cakes were drawn for twelve.

Social life is rapidly developing. Ladies are fighting like cats for the positions of social leadership and prominence. The result of "this" is that everyone is giving a party every night and anyone not doing so is given a surprise visit.

Mrs. Menzies suffered in this way recently. All Pumpkins suddenly arrived on Wednesday evening. Unfortunally it was "Bath Night" at the Menzies' home and the guests were not admitted.

The water man will come three times a week in future. This will avoid the difficulty of all Pumpkins having their bath on Tuesdays.

Short of cash? Become a live wire correspondent for Pumpkin. We pay \$50 a column for drive like this. If there isn't any news you just invent it.

Any old stuff will do.

The Ogoto Fountain Pen Fills itself in two minutes. Empties itself in two seconds.—The Pumpkin Store.—Adv.

J. R. Trustman has received large consignments of glass recently from B. C. We understand he is going to build a greenhouse.

J. R. Trustman entertained several bachelor friends at a little stag party recently. All report an uproarious time.

A New Novel at the Pumpkin Drug and Book Store

"The Woman with the India Rubber Lip"

This novel, by the author of "Florie With the Flat Foot," is a thriller. Try it. The Pumpkin Drug and Book Store is always open. The gramophone roars all day and night. Drugs, advice, information, ballad facts a specialty. See us.—Adv.

Teeth! Teeth! Teeth!!!

Let J. G. Tusckier be your mouth carpenter. Ladies, many a young man has succumbed to a smile from one of my ten dollar sets. Gentlemen, you can gnash with my teeth. You can cut cigars with them. You can play tunes on them. They just won't break. See me at the Pumpkin Library Barn Tuesday.—Adv.

Patience! Does that baby cry? You bet it does! Then see Single, Pumpkin's progressive builder. Let him build you a Father's Toy in your new dwelling. This is a sound proof room. When baby cries you just retire within. Adds years to a father's life. Mr. Shingle has just returned from the front and his father's joy is the result of his experience in constructing dug outs, tank holes, etc.

"When white is mad, and baby is cross, How Happy is father to know, His sound-proof chamber will bring him peace, And rest for an hour or so!"

Adv.

Tusckier's Teeth for Chinese Speakers!!!—Adv.

Hoggin Bros are putting on a big sale just now. Anyone short of the necessities of life would do well to investigate further.

A dance will be held at Winnifred, under the auspices of the Agricultural Society, on Monday, January 14th. Previous to the dance a very interesting lecture will be given by Mr. T. A. Benson on poultry problems.

TOWN OF BOW ISLAND.

APPLICATIONS FOR ASSESSOR.

Application for the position of Assessor of the Town of Bow Island for the year 1918 will be received by the undersigned up to FRIDAY, JANUARY 18th, 1918, at Twelve o'clock.

Information as to duties, etc., may be obtained on application to W. A. BATEMAN, Secretary-Treasurer of the Town of Bow Island.
The salary of the Assessor has been fixed at \$200.

W. A. BATEMAN,
Sec.-Treas. of the Town of Bow Island, Alberta, This 8th day of January, 1918.

NOTICE.

In the Estate of ANNA R. HOAGLIN, LATE OF BOW ISLAND, ALBERTA, MERCHANT, DECEASED.

NOTICE IS HEREBY GIVEN that all persons having claims upon the estate of the late Anna R. Hoaglin, who died on the 28th day of June A.D. 1917, are required to file with Archie B. Hoaglin and Cornelius P. Hoaglin, by the 18th day of February A.D. 1918, a full statement, duly verified, of their claims and any securities held by them, and after that date the Executors will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed or brought to their knowledge.
Dated this 8th day of January, A.D. 1918.

ARCHIE B. HOAGLIN
CORNELIUS P. HOAGLIN
Executors.
Bow Island, Alberta.

Approved: J.A.J.

Strayed.

One Red Cow and one Heifer Calves, brand, \$10 reward for recovery.
Math. Kurtz, sec. 10-11, Burdett P.O., Alberta.

Strayed.

Two head of Calves, branded M on right ribs. Suitable reward given.—J. C. Walker, Match P.O., Alberta.

All Saints' Church, Bow Island

The annual meeting of the congregation will take place at the Rectory at eight p.m. on Monday, January 14th. The Ladies' Aid will also meet on that occasion.
Officers of the Church and Aid will be elected and any business concerning the church may be brought up. All members and friends are asked to be present.
G. G. W. Herring, M.A., Priest-in-Charge.

Bow Island.

Francis Hugin returned on Tuesday from a visit to Calgary.

Mrs. Glen Hoaglin was a visitor to Medicine Hat on Monday last.

Wanted—Plain sewing. Reasonable price.—Mesdames C. H. and D. V.

Divine Service will be held at All Saints' church on Sunday next at 7.30 p.m.

Applications are being advertised in this issue for the post of town assessor.

Mrs. L. M. Collier, with her family returned home by Tuesday from MacLeod.

Mrs. E. E. Thompson, who has been visiting friends in Calgary, returned home on Tuesday.

Mrs. Geo. Bruce left on Wednesday for Vancouver where she was called by the illness of her sister.

Mrs. Geo. Thomas of Sunnyside left on Wednesday to spend the remainder of the winter with friends in Washington.

Mrs. A. E. Adair left this week for Medicine Hat where she will remain for a time as the guest of her mother-in-law.

J. B. Stewart attended a dinner at Lethbridge last week given by the Citizens' Lumber Co. to their yard agents.

The Town Council as newly constituted met for the first time on Monday night. A report of the proceedings will be found elsewhere.

The next regular meeting of the Women's Institute will be held on Saturday, January 19th. A full attendance of the members is requested.

A Lathery service will be held in the Presbyterian Church for delivery on Sunday next, January 13th, at 1.30 p.m.—Rev. N. L. T. Ross, Minister.

Mrs. J. H. Patterson, who has been visiting her sister, Mrs. R. A. S. MacLeod, at Red Deer, returned home on Wednesday morning bringing with her Miss Marjorie, Mrs. MacLeod's little daughter.

The Oldfolks of Winifred will give a dance in their hall on Friday, January 12th. No charge will be made and the committee hope to see a large delegation present from Bow Island.

Mrs. A. Goudy received word this week that her brother, an officer in the Russian army, and who has been fighting for over three years in the eastern front, had been killed in action. Mrs. Goudy also has two other brothers fighting in the east.

Married—Miss Anna Christina Dringland and Mr. Peter Evenson, both of Pleasant View, were married at the Pleasant View, Bow Island, on Wednesday, January 2nd, at three o'clock, by the Rev. N. L. T. Ross, in the presence of the bride's father. The young couple left after the wedding for Calgary and the coast.

Thompson Whitney left for Winnipeg on Saturday last for Winnipeg to join up with the aviation corps at that point. After a brief stay there, he will then go to Toronto, finally leaving for the big camp down in Texas. The scene of aviation has for some time had an attraction for Thompson and his enthusiasm for the branch of our fighting forces eventually led him to prefer this to any other unit. We wish him all success, and his career will be watched by more than one with great interest.

During the mild weather of last week the river north of town suddenly shed itself of its coating of ice with the idea, we presume, of persuading the denizens of the deep that spring had arrived. If this was its intention, it has been frustrated by the thermometer again going down to 10 below. Mr. Ben Whitney, whose recollection of "chills" at river probably goes back as far as anyone's, recalls only once when the river showed itself thus early in the year, and that was some twenty years ago.

That Bow Island is not remaining stagnant is amply evidenced by the number of houses that are still in course of erection. Just now a large eight-roomed house is being erected for Mr. Geo. Allan south of the track by C. F. Duce, who with Mr. Arthur Mack is responsible for many of the fine looking residences both in town and country. This one of Mr. Allan's is in an excellent situation as it is alongside of his brother Ernest, and the two present a fine appearance and are a great acquisition to the town.

Word was received by Mr. and Mrs. J. W. Hopkins last week of a double wedding event at Red Bluff, California, when Mr. F. F. Atholmhall was united to Miss Helen Louise Jones, and Mr. Sutherland Hunter Jones was united to Miss Mera May Dolton. The bride and bridegroom respectively in each event are well known here in Bow Island as the daughter-in-law of Mr. and Mrs. W. G. Jones, who resided here for some years, and there are many who will extend to the happy young people their warmest congratulations.

The installation of officers of Bow Island League, A.F. & A.M. No. 64, took place on Tuesday evening last week as follows:—Geo. Louie, W.M.; J. W. H. H. Robertson, treasurer; A. Balmain, secretary; E. E. Willmot, S.D.; R. S. Beattie, J.D.; J. H. Holston, S.S.; F. A. Lombard, J.S.; W. H. H. Chaplain; J. W. H. Pryor. The installing officers were R. W. A. Balmain, P.D.M., assisted by W. H. Geo. Bruce and W. H. Geo. MacWilliams. After the installation ceremony, W. H. MacWilliams, in behalf of the League, presented the visiting W. M. A. with Cotton, with a beautiful Past-master's jewel.

The installation of officers in connection with Golden Link (Czechoslovakia)

Bow Island, Alberta.

took place on Friday evening of last week, the official duties being undertaken by District Deputy Master C. H. Bishop, assisted by Past Grand Bro. T. R. Hoffman. The latter officers were assisted by Sister S. Brown, P.O.; Sister Mark V.G.; Sister Ludke, secretary; Sister Rabinow, Treasurer. As some of the members were unable to be present, it is hoped to complete the installation proceedings at the next meeting. It is hoped that the members of the League will extend to the new members the same cordiality and hospitality that they have shown to the members present with refreshments, etc.

Three died at their farm residences west of town on Tuesday, January 8th: Mrs. Phoebe M. Young, Potter, Mrs. W. D. Potter, who purchased some time last spring, the place known as the Tremblay farm. Mrs. Potter has been ill for about two months from Bright's disease, to which she finally succumbed. The deceased was forty-one years and eight months old, and in addition to her husband, she leaves eleven children to mourn her loss here at Bow Island. Mrs. Potter was a native of the Province of Ontario, and a brother, F. F. Young of Pueblo, California. A funeral service will be held at the home on Wednesday, January 9th, at 2.30 p.m., at which the Rev. C. Bishop officiated. The body was shipped from here early on Thursday morning to Oakes, N.D., where the deceased with her husband had previous to coming to Alberta, died of many years. The sad death of Mrs. Potter has naturally caused the husband and children a great deal of sorrow. Although comparatively young, she had been here for many years and had many friends in and around Bow Island, and her death has occasioned sincere regret on the part of all.

A funeral service will be held at the home on Wednesday, January 9th, at 2.30 p.m., at which the Rev. C. Bishop officiated. The body was shipped from here early on Thursday morning to Oakes, N.D., where the deceased with her husband had previous to coming to Alberta, died of many years. The sad death of Mrs. Potter has naturally caused the husband and children a great deal of sorrow. Although comparatively young, she had been here for many years and had many friends in and around Bow Island, and her death has occasioned sincere regret on the part of all.

There died at their farm residence west of town on Tuesday, January 8th: Mrs. W. D. Potter, who purchased some time last spring, the place known as the Tremblay farm. Mrs. Potter has been ill for about two months from Bright's disease, to which she finally succumbed. The deceased was forty-one years and eight months old, and in addition to her husband, she leaves eleven children to mourn her loss here at Bow Island. Mrs. Potter was a native of the Province of Ontario, and a brother, F. F. Young of Pueblo, California. A funeral service will be held at the home on Wednesday, January 9th, at 2.30 p.m., at which the Rev. C. Bishop officiated. NORTH AMERICAN CONTINENT MUST SUPPLY FOOD FOR ALLIES

EVERY EFFORT NECESSARY TO MEET DEFICIENCY

Geographical position of Canada and the United States in Relation To the Allies, Makes It Imperative That This Continent Provide the Food Necessary for Support of Allied Cause

Until new ships, which are now under construction, become available by cargo carriers, the allies must depend upon the North American continent for wheat and flour. Europe would import not less than 400,000,000 bushels of wheat, or the equivalent in flour, before the next harvest.

The United States today has, not one bushel more than would be required for normal consumption in that country, and Canada has only a surplus of 1,000,000 bushels.

There is wheat in Argentina, in Australia, in New Zealand, but without the high cost of transport to the allies at least for three or four months. The allied nations in Europe had completely exhausted all accessible reserves when the 1917 harvest became available. Unfortunately less than half the production of a year ago before the war was available. Italy crop was also much below the average. Both Germany and Japan have required large amounts of wheat from this continent that they might escape their needs.

Geographical position of Canada and the United States in relation to the allies makes it imperative that the continent should provide the food which must be forthcoming to the allies for the next several years. They clearly understand the situation. The essentials are:

1. The allies must be fed.
2. They have in their own countries a practically complete food required for their own people.
3. Until the shipping shortage is relieved, several months of food for the allies must depend upon Canada and the United States to make up the deficiency of essential food.
4. Canada and the United States should take up the shipping shortage, which is consuming by at least 20 per cent.
5. Canada and the United States should take up the shipping shortage, which is consuming by at least 20 per cent.
6. Individual effort, individual saving of individual portions of flour, individual economy in the use of bread and flour and individual substitution of other grains, will alone save the situation and give which they must have.

British Flag Over Jerusalem

No Attempt Will Be Made to Define Future Position Until Peace Comes

No attempt will be made to define the future position of Jerusalem until peace comes, the Times says. It understands that the British flag will be raised in the city, but that it will be under martial law. General Allenby will not allow any military occupation of the city. The British flag will be raised in the city, but that it will be under martial law. General Allenby will not allow any military occupation of the city.

The holy city of the Christian religion capitulated to General Allenby. The British flag will be raised in the city, but that it will be under martial law. General Allenby will not allow any military occupation of the city. The British flag will be raised in the city, but that it will be under martial law. General Allenby will not allow any military occupation of the city.

Warnings Against Spies

Enemy Spies at Home and Abroad Are at Work

Renewed warnings against spies have been displayed in Great Britain. Spies may vary and stations place, but they are all at work. Spies have been posted, reading of the day.

"Don't talk about what you have done or are going to do. The enemy ears are everywhere."

"Don't discuss naval affairs or the courses with strangers, or let your friends know anything about them."

"Don't let anyone know your plans, your cargoes, the courses and the ships taken."

"Don't forget to report once upon any person who tries to get information from you or anyone else in your vicinity."

"Don't forget that your want of care may help the enemy to get to the front of American ships, and to the loss of their crews."

"Security means duty."

A Real Western Wedding.

(Contributed)

Married—Miss Genevieve, daughter of Mr. and Mrs. M. H. Benson, of Nightingale, to J. M. Showalter, of Bow Island, at the home of the bride's parents, on Thursday, December 27th. The bride is a sister of Mrs. Lyle Connor of Bow Island, and taught school at Haycraft for the last two years. The ceremony was performed by the Rev. G. Hopkins.

The bride was delicately attired in a sky pink horse blanket and carried a bouquet of sun flowers. The groom was most elaborately attired in a moon shaped bathing suit, borrowed from his brother-in-law, Harold Benson. They marched to position, the bride in her father's arms and tied in a tub of water, to the strains of a march most beautifully rendered by Mr. and Mrs. Lyle Connor's baby and pet dog. After the ceremony the bride was given an elaborate bath in tears furnished by the bride's mother and sister. A few guests hurried in and run the tub over. Red did fine, but as it was forty below zero and wet he naturally got cold feet.

After it was all over we all sat down to a dainty repast of pork and beans, and all went well until the bride's father blew up over the appetite of his son-in-law. Mr. and Mrs. Red departed on their honeymoon to the barn where there were seven cows to milk and several other chores to do. The most beautiful part was the wedding ring which Red swiped from the nose of Henry Spring's ox. In the evening they retired to their room where one side of the spring went down with a bang (thanks to their brothers.)

Mr. and Mrs. Showalter will make their home a couple of miles out of Bow Island as soon as the beans are gone.

Here's my heartiest congratulations. A Guest at the Wedding.

A statement issued from the office of the food controller, urges the importance of a large supply of natural ice being stored this winter, especially in small towns and country districts. An increase in the quantity of natural ice will probably be required, it is said, by dairymen and other dealers in perishable food products because the supply of artificial ice may be much reduced during the coming summer and next fall.
